Community and It's Nature

What is community ?

- Community Is group of individuals connected to each other by one or more attributes.
- Community is the combination of two latin words i.e. 'com' means 'together' and 'munis' means 'serve' that's 'serve together' is called Community

Why is community important ?

- Because community saves us from the isolation and alienation we fear. Because in the real world people have no choice. Because community is about finding each other and a place we can call home.
- A community is a place where one lives, works and plays. It denotes a group of people occupying a definite territory, living together with families and neighborhood.
